Your FCA

Many of the Jr. and Sr. High students

went on the school trip to Kentucky last week. This trip included a visit to the Creation Museum, the Underground Railroad Museum/Freedom Center, and the Louisville Slugger Museum, with a stop in Chicago. The trip was so enjoyable, and such a huge blessing.

The biggest thrill was the time spent at the Creation Museum. Our visit started with a spectacular planetarium presentation that caused each of us to step back in awe of our God the Creator. The verse printed below is the message that was clearly presented: our universe is incredibly vast and amazing, yet God created each of us, loves us, and knows us by name.

The remainder of the museum demonstrated God's awesome power through His creation- how initially man worshiped the Creator, but now, because of sin, he worships the creation. The museum clearly proved that there is no possible way that evolution had anything to do with our world today. This was done through scripture and spectacular displays. The tour ended with a gripping presentation that shared that Jesus is the "Last Adam," and through him is sinful man redeemed if He is accepted.

I stood back looking at the dazzling multi-million dollar displays and with tears in my eyes, praised God that at FCA, we present that exact same message. Praise Him with us that we are able to daily teach the Truth of God as the Creator and Redeemer.

2. Our students understand the depth of God's love for them (I John 3:1).
3. We have wisdom regarding our future FCA building- that we would be sensitive to God's leading and timing.
