

Your FCA

Improving your serve....that is the theme for FCA's 2009-2010 school year. We have had so many opportunities to improve our serve already this school year. We are very excited to see the doors that the Lord will open for the remainder of the year.

Along with the opportunities to serve, there have been many opportunities to give. The abundance of your generosity was witnessed at Tuesday night's Christmas Concert. We collected a wonderful amount of hats, mittens, food, and toiletries. The people at the Jubilee House will be blessed. We also know that many of you will be helping to provide portions of the meal that we will be serving there. Thank you!

As the Lord opens more doors for service at FCA, there will be many more opportunities for our FCA family to give and to serve. Do we anticipate or expect that everyone will be available to serve each time they are asked- or to give each time there is a need? Absolutely not. We understand that your time is very precious, and that we all have many opportunities to give in addition to the needs of FCA. We understand that you may have to say no from time to time! We just want to make sure we give you a large variety of chances to give and to serve.

God is so good! It is so thrilling to see our families work together to reach the Wausau area and beyond for Him! Thank you for your part in improving FCA's serve!

Firm Foundation of Truth

“Cleanse me with hyssop, and I will be clean; wash me, and I will be whiter than snow...Create in me a pure heart, O God, and renew a steadfast spirit within me. Cast me not away from your presence or take not your Holy Spirit from me. Restore to me the joy of your salvation and grant me a willing spirit to sustain me.”
(portions of Psalm 51)

The mission of Faith Christian Academy is to provide a comprehensive education that equips students to:

- Discover truth through the lens of Scripture*
- Develop their potential for further educational pursuits*
- Become conformed to the image of Christ*

Fundraiser Update:

Thank you FCA Families! Because of your hard work, we sold \$23,080 in wreaths and calendars!

We want to specifically thank Mrs. Smith for her hard work in keeping all of the orders and paperwork organized for this event. Thank you to Mrs. Voss for the additional work that she did in keeping all of the finances organized. The extra hours you both put in were appreciated by us all!

The 6th grade class did a fantastic job of getting all of the wreath orders ready for each family— and they did it all

ahead of schedule! Way to go!

We want to remind you that SCRIP cards are a wonderful gift item! As you prepare for your Christmas shopping, remember the ease of purchasing SCRIP cards. This is a simple way to help FCA without costing you any extra money.

We also want to remind you of several other ongoing fundraisers at FCA:

Good Search: GoodSearch is a search engine which donates 50-percent of its reve-

nue to the charities and schools designated by its users. It's a simple concept. You use GoodSearch exactly as you would any other search engine. Because it's powered by Yahoo!, you get proven search results. The money GoodSearch donates to your cause comes from its advertisers — the users and the organizations do not spend a dime! Simply look up Good Search on-line and follow the directions.

We are also still saving milk-caps. Turn them into the office!

High School Science

Our 11th and 12th grade students went on a field trip to the Twin Cities to view the Body Exhibit that is on display there. This was an excellent opportunity for our Anatomy and Physiology students to see actual examples of the very items they are studying.

The students amazed the chaperones that were present with their vast knowledge of the human body and its many functions. They have been

taught with great detail and rigor, and know the information very well.

This was also a perfect opportunity for students to reflect on how we were each perfectly knit together in our mother's womb, being fearfully and wonderfully made.

As the result of our excellent science program offered at FCA, we have a growing number of students that are inter-

ested in careers in the sciences including education and medicine.

We are so thankful that FCA has received another grant that will help us to continue to outfit our science lab with many more wonderful items as we continue to grow this program.

Sports News
