ADMISSION

The Train Station is licensed by the State of Wisconsin, Department of Children and Families (www.dcf.wisconsin.gov). We are licensed to care for no more than 50 children at any one time. We are inspected regularly to ensure that our center meets licensing standards.

Non-Discrimination - Child care services are available without discrimination based on sex, race, color, creed, disability, sexual orientation, national origin or ancestry. Parents may meet with us to discuss their child's specific needs and to review program policies.

The Train Station will provide care for children ages 6 weeks to 14 years.

Childcare services will be provided between the hours of 6:00 A.M. and 5:30 P.M., Monday through Friday, January through December.

No service will be provided on New Year's Day, Good Friday, Memorial Day, July 4th, Labor Day, Thanksgiving and the following Friday, December 24 – January 1. If a holiday falls on a Saturday, we will be closed the previous Friday. If a holiday falls on a Sunday, we will be closed the Monday following. Holidays are considered a vacation day and are unpaid days for parents.

Emergency Closings – There may be times when an emergency arises which requires the childcare center to close. In any such situation we will ask the local radio and television stations to broadcast the closing. You can also call the center at (715)348-2497 to listen to our voice mail message for detailed information. If we need to close after the beginning of the day, parents will be notified via HiMama, along with local radio and television stations.

The center will have posted on The Train Station bulletin board the following items for the public's review:

- Licensing rules
- License certificate
- Results of the most recent licensing inspection
- Notice of any enforcement action, stipulations, conditions, exceptions or exemption

The center will also have posted in each classroom the following items for the parent's review. These items will also be posted on our website, www.faihca.org/daycare.

- Center policies
- Parental notices
- Special events/activities
- Holiday observances

Absent Child without prior notification - Parents are responsible for the schedules they provide to the center. Children are expected to be in attendance on those days at those times. If a child who is scheduled to arrive at the center, does not arrive within 30 minutes of the specified time on the written agreement signed by the parent, and we have not been informed of the child's absence, we will attempt to contact the parent or guardian to determine the child's whereabouts. If a child is transported to the center and does not arrive and we have not been informed they will not be attending that day we will attempt to contact the facility from which they were transported from to determine their whereabouts. All attempted contacts will be documented.

Attendance methods - Children may be enrolled on a full-time basis for up to 45 hours per week, or a part-time basis under 30 hours per week, based on availability. THE TRAIN STATION will accept children for drop-in care if prior enrollment arrangements have been made, enrollment forms are on file, enrollment fees have been paid, and space is available.

To protect each family's **confidentiality**, THE TRAIN STATION will not share information about a child or a child's family with anyone who is not authorized to receive this information. Only those persons or agencies that have been given permission in writing by a parent/guardian will be allowed to receive information on a child and/or her/his family.

The Department of Children and Families licensing representative may visit and inspect any group childcare center at any time during licensed hours of operation. A department licensing representative shall have unrestricted access to the premises identified in the license, including access to children served and staff records and any other materials or other individuals having information on the group child care center's compliance with the DCF 251 rules.

All childcare providers are mandated reporters of suspected child abuse and neglect. If a childcare provider suspects a child has been abused or neglected, that provider is required to report the abuse or neglect to the county's Child Protective Services (CPS) office 715-261-7500 or law enforcement. Each child care provider and substitute will receive training at least every 2 years in child abuse and neglect laws; how to identify children who have been abused or neglected; and the procedure for ensuring that all known or suspected cases of child abuse or neglect are immediately reported to the proper authorities. If an employee or volunteer is suspected of having mistreated a child that person will be subject to immediate suspension pending the outcome of the CPS investigation. The incident will be reported to the Department of Children and Families within 24 hours of occurrence.

We provide a safe, caring and Godly environment in which a child can grow and learn through age appropriate activities.

newsletter, etc. As the saying goes “A picture is worth a million words”. The center may also use the photos and/or videos in our marketing materials. We will not use photos of you or your child/children for marketing purposes without a signed and dated photo permission form. Photos are taken and uploaded to families in HiMama to show progress and for daily reports.

TERMINATION OF ENROLLED CHILDREN

Child’s progress communication between center and parents: It is important we communicate daily concerning the needs and interests of each child. If there are issues or concerns that need to be discussed, parents should arrange with us a convenient time to talk on the phone or schedule a conference. To foster communication on a regular basis, THE TRAIN STATION provides information via HiMama, newsletters, the center bulletin boards, and daily conversations.

Circumstances and procedures for termination of enrollment

Child related: THE TRAIN STATION will regularly advise parents on their child’s progress through HiMama, daily conversations, and scheduled conferences. When children have problems adjusting to the center’s daily schedule and classroom rules, parents will be contacted for a face to face conference. At this meeting, the teacher will state any concerns and discuss observations made of the child’s behavior, and an action plan will be developed. If after two weeks the behaviors have not improved, another conference will be scheduled to either revise the action plan or to terminate placement and refer the child to other services.

Parent related reason for termination: If the problem leading up to termination is due to non-compliance to the center’s policy by the parents, the Director will contact the parents for a face-to-face meeting with the parent(s), teacher, and Director. At this meeting, the teacher will state any concerns and review and clarify agency policy with the parents. Input from parents will be encouraged so that common understanding can be reached. If after 2 weeks the problem is still present, parents will be advised in writing that their child’s enrollment will be terminated. Parents will be given a 2 weeks’ notice regarding the termination of their child’s enrollment. The parent will be responsible for childcare fees for the final 2 weeks even if the child does not attend.

Parent initiated termination: Often **parents initiate** the termination. If parents chose to unenroll their child(ren), they must give a two-week written notice, and pay for any time up to those two weeks for absences.

Mutual decision to terminate: If there has been a problem between child, parent, or center, and an action plan has been tried without positive result, the center and the parent(s) may come to a **mutual decision** to end the child’s enrollment.

Center initiated termination: A child may be discharged from the center for many reasons. A center-initiated discharge of a child could result for the following reasons

1. Failure to pay charges billed on time. (Grounds for immediate termination, without notice.)
2. Lack of parental cooperation as outlined above.
3. Inability of childcare program to meet the needs of the child. Staff will consult with the parent concerning how any problems might be solved before ending the care arrangement.

These steps will be documented in the child's file. The parent will be referred to other community resources.

4. Repeated failure to pick up the child at scheduled time.
5. Failure to complete and return required forms.

Behavior related discharges. Acting out, inability to follow classroom rules, inability to follow teacher's directions are all examples of reasons why a child could be discharged due to behavior.

Steps will be taken prior to child's discharge for behavior. All efforts will be made to work out a plan for behavior management between staff and the parents to see if problematic behaviors can be mitigated. The teacher will ask for a parent/teacher conference to discuss the behaviors in detail. Input from parent on behavior management is vital. If after two weeks the behaviors have not improved, another conference will be scheduled to either revise the action plan or to terminate placement and refer the child to other services. All meetings, behavior plans, and outcomes will be documented and placed in the child's file. If all methods have been tried without success, child will be terminated immediately.

Outside agency involvement: Prior to any child being terminated, efforts may be made to seek additional services from other care providers to address the problem. For example, children may be referred to a physician for a vision or hearing screening. Referrals to birth to 3, speech and language screenings are some of the outside agencies that could be utilized. Should the child require additional services that are not available directly through the center, an outside agency may be contacted to meet those needs. Staff will consult with parents before contacting any outside agency.

Decision making: All decisions regarding the discharge of enrolled children are summarized in the section above, *Circumstances and procedures for termination of enrollment.*

Appeal process: Should you disagree with the termination of your child for any reason, please discuss your concerns with the director. If you do not feel you are satisfied, you may then schedule a meeting with the administrator for Faith Christian Academy.

Reasons: e.g. fee payment, policy compliance THE TRAIN STATION will give 2 weeks written notice of our intent to discharge a child (and try to inform parents of local resources that may be of help to them), except when a family has outstanding charges. Parents are expected to comply with all the policies and procedures of the childcare center; failure to comply could result in the termination of your child's enrollment.

FEE PAYMENT AND REFUNDS

- For current fees, see pg. 8.
- Parents will be billed on the first of each month, for the current month. Payments will be due by the 10th of that month. Payments can be dropped off at The Train Station office. Failure to pay within 30 days, will result in a \$15 late charge. This fee will be charged every 30 days a payment is late.
- If there will be a third- party payment, as from an employer or the county, a special payment schedule will be arranged and detailed in the contract. Parents will be responsible for any specified co-payments or unpaid amounts.

- There is an additional \$15 charge for late pickup (within 15 minutes). Each minute after 15, will be charged \$1 per minute.
- A \$20 fee will be assessed for checks that are returned from the bank.

- THE TRAIN STATION charges an Enrollment Fee of \$100/family. The Enrollment Fee must be paid prior to enrollment to secure a spot in the center.
- There will be **additional fees for enrichment activities** from time to time. Parents will be advised of any additional fees in writing at least two weeks in advance.
- There will be no reductions for additional children from one family.

Fee determination methods (attendance, parent sign in) THE TRAIN STATION will charge a fee based on your child's hours of enrollment. These fees are outlined in the rate sheet. A contract will be drafted and signed by parents with an agreement on the rate per week/month for your child's care. Additional fees will be assessed for additional hours beyond those outlined in the parent contract. **Parents should review attendance sheets each week and sign them** verifying hours of attendance.

Fee calculating methods (hourly, daily, sessions) a discounted full-time rate is offered for children who will be in care for 30 or more hours, per week.

An hourly rate is charged for children who attend less than 30 hours per week.

CHILD EDUCATION

There is a religious component to our program. We offer mealtime prayers, songs, stories or displays of the religious aspects and we celebrate religious holidays, such as Easter and Christmas.

There is a childcare worker/teacher assigned to each classroom in the center and state determine staff to child ratios are maintained. Depending on the number of children present on any given day there may also be an assistant childcare worker in the classroom as well. Each group/classroom of children is supervised by a teacher who is within sight and sound of the children to guide the children's behavior and activities, prevent harm, and assure safety.

Groups of children may be combined at the beginning and at the end of any given day. THE TRAIN STATION has schedules of activities and learning opportunities posted in each classroom which meet the individual needs of the children throughout the day. Activities at the beginning and at the end of the day will be designed for a wide age range of children working and playing together. Our plan includes opportunities for children to rest, eat, and to use materials and engage in activities which for the most part do not duplicate activities planned for the major part of our program.

Children, including infants and toddlers, will go outdoors daily when weather permits, so dress your child appropriately for the weather. The children may be kept indoors during inclement weather such as any of the following:

- Heavy rain
- Temperatures above 90 degrees F.
- Wind chills of 0 degrees F. or below for children age 2 and above
- Wind chills of 20 degrees F. or below for children under age 2

Make sure your child/children wear sturdy shoes that will allow them to be active. Students will have an opportunity to play in a fenced area daily. This area will have equipment for children to use large motor skills, as well as group activities to build relationships. Staff will be involved in outdoor play. They will engage with individual and groups of children. Best practices recommend at least 15 minutes of teacher-led physical activity each time children are outdoors. Best practices recommend that there is a variety of fixed and portable play equipment that allow for mastery of balance and coordination (tunnels, balance boards, safe climbers), travelling skills (tricycles, scooters, push/pull toys) and large manipulative skills (balls, hoops). It is recommended that there are multiple pieces of equipment so that multiple children can participate in an activity at a time and that there are spaces for children of all ages, including infants. When weather does not permit outdoor play, students will be given time in the gym to encourage large motor skills and group development.

There is an outdoor playground on the premises of the center. Trampolines and inflatable bounce surfaces are not allowed. If we choose to provide a wading pool for the children, staff will be outside providing sight and sound supervision when the wading pool contains water and is present in the outdoor play space.

Children under 2 years old will have a flexible schedule, which reflects the child's individual needs. They will be given individual attention including lots of time for talking. We will provide safe, open spaces for children who are creeping and crawling. Infants and toddlers will be encouraged to play with a wide variety of safe toys and objects. A written report will be maintained documenting what each child ate, when they slept and when they wet or soiled a diaper. We will use this report to share information with parents about the child's activities and disposition for that specific day.

Preschool age children will have opportunities to play and explore their surroundings. They will be given many learning experiences in a variety of developmental areas that are age appropriate. Daily activities will include math, science, large and small muscle movement, art and literacy.

Night Care We are not licensed to provide care between the hours of 5:30 P.M and 6:00 A.M.

It is important that we communicate daily concerning the needs and interests of each child. The Train Station offers parent-staff conference opportunities at least 2 times per year to discuss the child's growth and development and adjustment to the program. If there are issues or concerns that need to be discussed, parents should arrange with us a convenient time to talk on the phone. To foster communication on a regular basis, THE TRAIN STATION provides scheduled conferences/written newsletters/parent bulletin board and daily conversations. To support healthy development, we intentionally include information about physical activity, gross motor development and nutrition in our communications with families.

THE TRAIN STATION staff along with parents and their input will plan activities and provide children with a variety of experiences. Learning through play is the major component of our program. Enough time, materials and space will be provided for children to actively explore the world around them. Children will have an opportunity to use a variety of art materials, manipulative and housekeeping equipment. Our curriculum will provide exposure to a variety of cultures through music, stories, games and art, and we will celebrate how we are all the same and how we are all different from one another. Routines such as toileting and eating and intervals between activities are planned to avoid keeping children waiting in lines or assembled in large groups.

We do not HAVE A SWIMMING POOL ON THE PREMISES. The center may use an off-premises pool, wading pool, water attraction or beach for the children. If we decide to utilize any of these off-premises, water-oriented facilities, staff will follow all safety and supervision requirements as specified by licensing rules

We occasionally take walks around the neighborhood. Emergency information for each child will be taken whenever the children leave the premises. You will be notified in advance of any field trip requiring transportation.

THE TRAIN STATION uses a variety of curriculums to meet the needs of each individual child. The activities each week will be based on the theme for the given week(s). The program provides each child with experiences which will promote all the following: self-esteem and positive self-image, social interaction, self-expression and communication skills, creative expression, large and small muscle development, intellectual growth and literacy.

A schedule of daily activities is posted in each classroom. A program of activities is planned a week in advance. Staff use a variety of resources in their planning. We will also use the services of the Wisconsin Child Care Information Center (800-362-7353) and access their resources to plan activities. The activities focus on center themes and are based on the interests of the children. Lesson plans are posted in a child's classroom. Parents can also request to receive a copy of the lesson plans. An example of a daily schedule is listed below:

6:00 – 8:30	Good Morning/Free Play
8:30 – 8:45	Bathroom, wash hands for snack
8:45 – 9:00	Circle Time
9:00 – 9:25	Morning Snack

Educational Philosophy: The Train Station childcare is child oriented. We aim to provide a program which fosters the development of each child. We recognize the individual needs of each child. We provide a safe and caring environment in which a child can grow and learn through age appropriate activities.

CHILD GUIDANCE POLICY

When a child is crying, fussy or distraught, staff will work to calm and comfort the child, in ways that are appropriate for the child's age and personal disposition. This may include stroking, cuddling, rocking; offering a drink; acknowledging the child's fear, or separation sadness, or conflict; distracting or redirecting to another activity; talking calmly with the child about how s/he is feeling or what has happened. If the unhappiness persists, we may contact a parent to share what is occurring and inquire if this might indicate onset of an illness.

Children's behavior will be guided by setting clear limits or rules for children. We will talk with children about expected behaviors and model those behaviors consistently for them. We will state positively what children can do, using specific terms, e.g. "you need to use an inside voice" rather than "don't yell"). Undesirable behavior will be redirected to another activity. Children will be given a wide variety of age-appropriate activities to choose from and will be given the attention they need before they demand it. Behavior management will be for helping children develop self-control, self-esteem and respect for the rights of others. Opportunities for physical activity are not withheld as a behavior management strategy. Children are redirected to safe physical activities and are involved in discussion about safety concerns, when necessary.

"Time-Out" is a guidance technique that can be effective when dealing with unacceptable behaviors of young children. Time outs will not be used with children under age 3. Children over 3 years of age may be given a timeout of 3 minutes. The term 'time-out' is short for 'time out from positive reinforcement.' The strategy is like an extended time from all sources of reinforcement (e.g., teacher and peer attention) following serious challenging behavior of selectively ignoring disruptive behavior. Children are removed for a brief time. Usually this strategy requires that a child be removed from an ongoing activity for a brief time, typically by having a child sit on the outside of the activity within the classroom until the child calms down and is ready to rejoin the activity and try again. Time-out is intended to be a non-violent response to conflict that stops the conflict, protects the victim, and provides a 'cooling off period' for the child.

"Time-out" is only effective when used in the context of a comprehensive approach to behavior support that is designed to teach, nurture and encourage positive social behaviors. Time-out should be used only when less intrusive discipline procedures have been tried and deemed unsuccessful and only in combination with positive procedures designed to teach new skills and prevent challenging behaviors from occurring.... Effective management of behavior should always start with praise and encouragement for pro-social behavior and self-regulation and be accompanied by distraction, redirection, withdrawal of attention, and logical and natural consequences." The child will be praised after completing the time-out and will be helped to rejoin the group.

We recognize that no single technique will work with children every time. If a child exhibits unacceptable behavior, we will request a conference with parents to consider how to deal with the behavior. If the behavior continues, the next steps may include referrals to appropriate community resources, and/or discharge of the child from care. In accordance with "Wisconsin Rules for Group Child

Care Centers," actions that are aversive, cruel, humiliating, and actions that may be psychologically, emotionally or physically painful, discomforting, dangerous or potentially injurious are prohibited.

Prohibited actions include spanking, hitting, pinching, shaking, slapping, twisting, or inflicting any other form of corporal punishment on the child; verbal abuse threats or derogatory remarks about the child or the child's family; physical restraint, binding or tying the child to restrict the child's movement or enclosing the child in a confined space such as a closet, locked room, box or similar cubicle; withholding or forcing meals, snacks or naps; punishing a child for lapses in toilet training. These forms of punishment will never be used, even at a parent's request.

Routines such as toileting and eating and intervals between activities are planned to avoid keeping children waiting in lines or assembled in large groups. These may include, but not limited to, singing, playing ispy, doing finger poems.

Classroom arrangement, materials and programming are scaled to the developmental level, size and ability of children which will contribute to providing clear guidelines and promoting positive behavior. **Parental Involvement in solving behavior:** All efforts will be made to work out a plan for behavior management between staff and the parents to see if problematic behaviors can be managed and/or corrected. The teacher will ask for a parent/teacher conference to discuss the behaviors in detail. Input from parent on behavior management is vital.

Biting among children, usually occurs in toddlers. However, three- and four-year olds may also have the tendency to bite. In the case of a bitten child, the child who has been bitten will be cared for first. The child who bit will be separated and talked to in a positive manner, using terms such as 'biting hurts' or 'biting is for eating'. Staff will remain calm and talk positively to both children. Both parents will be notified. If the behavior continues, we will work together with parents, we will identify a possible reason for a child's biting. We will work together to develop a plan to stop the behavior.

Rest or naptime will be provided for all children younger than five years of age who are in care for more than four consecutive hours. Children who do not sleep may get up after 30 minutes, and children who awaken early will be allowed to get up when they awake. Staff will help awake children find quiet activities. The Train Station will launder the bedding after every five uses, or sooner if necessary.

CONTINGENCY PLANS

Fire and Tornado evacuation plans will be practiced monthly. The director will document dates of fire and tornado drills and the weekly testing of smoke detectors on a form provided by the state.

In case of an emergency that would require an evacuation, children will be evacuated by all available staff through the nearest exit. The attendance form and list of phone numbers for parents and emergency contacts will be taken out by the staff member designated to be "in charge" to assure that all children are accounted for and all families can be notified. The director or person in charge will check classrooms, bathrooms and staff areas to make sure all persons are evacuated. The director or person in charge will call all clear to re-enter the building once it is safe to do so. If we are unable to return to the building following an evacuation, the children will be taken to Bone and Joint, 5200 Hummingbird Rd #100, Wausau, until parents or another authorized adult can be reached and come for them.

In the event of a tornado warning, the children will be taken to the Fireside Room by all available staff members. Blankets, a portable radio and flashlight, with extra batteries for both, are kept in the tornado shelter area always. The attendance form and emergency contact information will be brought along by the staff member designated to be “in charge”. The director or person in charge will check classrooms, bathrooms and staff areas to make sure all persons are evacuated. Staff will engage the children in quiet activities until we are assured by the authorities that the danger has passed. Tornado drills will be conducted monthly from April to October.

In the event of a missing child, staff will check all areas of the center. If the child cannot be found, the child's parents and/or emergency contact and the police will be notified immediately. The director will notify the Department within 24 hours after the occurrence. If a staff member is alone on the premise, they will contact the five-minute emergency person.

In the event of severe weather children will be kept in doors and if necessary, tornado evacuation plan will be initiated.

If there is a threat to the building or occupants, we follow the American Red Cross Guidelines available at: <http://www.redcross.org/prepare/disaster> depending on what the emergency may be. If possible, evacuation of the building will be initiated using the fire evacuation procedure. If it is not possible to evacuate the building each classroom will take cover in a secure area. The main door will be closed and 911 will be called. The teacher will keep children calm and in one area of the room until the threat has passed or police or fire department has arrived. Law enforcement and the parents will be immediately contacted to advise them of the threat.

Loss of building services procedures are as follows, if the center should lose the use of heat, water or electricity before the center opens; parents will be notified by 6:00 AM and will be advised that the center is closed, and the parent will be responsible for finding alternate care for their child until the situation is resolved. If service is lost after care has started, parents will be notified via HiMama. If care can still be provided safely, students can remain in our care. If not, parents will be asked to pick up their child(ren).

If there is a medical emergency with a child or adult, staff will perform first aid, initiating check, call, and care procedure. Children who are present will be taken from the area calmly by available staff for supervision and safety. If there is a need for **emergency medical treatment**, 911 will be called. If it is a life-threatening situation, with no time to consult the child's file or parent, the child will be taken to Aspirus Hospital, 333 Pine Ridge Blvd, Wausau, WI 54401. Aspirus Hospital can be reached at 715-847-2121. Should an ambulance be needed, parents will be responsible for any costs. Parents will be contacted as soon as possible after contacting 911. All staff will have training in infant and child CPR, AED and first aid. First aid supplies will be stored in each classroom.

Allergic Reactions. If a child has an allergy, staff will be notified of the information. Superficial injuries will be washed with soap and water and covered with a bandage or treated with ice. Parents will be told about the minor injury when they pick their child up.

Attendance: Staff will be trained to manage the established system of knowing the whereabouts of all children in their care always. Parents are encouraged to call if their child will not be attending or will be arriving late. If a child is being transported by a transportation company and does not arrive at the scheduled time, staff will call the parent or authorized adult to check on the child.

Daily arrival/departure times are recorded via accurate documentation for each group of children. During early AM arrival and late PM pick-up, teachers will be kept aware of children they are responsible for, as rooms are condensed, and staff leave the center. Teachers will know the names of each child and their whereabouts always.

Parents or authorized adults are required to bring children into the building so staff can sign the children in at the beginning of the day (documenting arrival time) and sign them out at the end of the day (documenting departure time). Staff will maintain classroom attendance records recording children's arrivals and departures as they occur to ensure an accurate, on-going accounting of the children's whereabouts always. Comparison of the attendance record to the actual children in care will occur at each transition and frequently throughout the day.

THE TRAIN STATION does not allow concealed weapons to be carried on persons (any person or employee entering the building), or on the premises.
